Event Timeline

SELECTION OF MENTORS

We will make sure to select skilled mentors from the Applications we will receive and approve their proposed projects.
Deadline for Call for Mentors: **23rd May 2019**

LINKING OF MENTOR-MENTEE

After shortlisting the Mentors for dedicated Domains, we will then map the Domain of Projects provided by Mentees with Mentor who can guide through the Event Summer Program Time Period.

Notification Date: **31st May 2019**

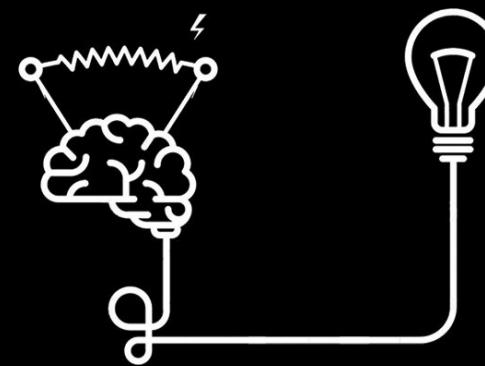

TIME PERIOD FOR DEVELOPMENT

6 Weeks of Summer Period will be allocated to Teams with proper Skilled Mentor for the completion of Project to Product.

Time period: **5th June 2019 - 20th July 2019**

FUNDING FOR PROJECTS AND PRODUCTS

IEEE MSIT will be funding completed and fully functional products submitted to us within the deadline.

**We aim for
Networking, Learning
and Developing. Let's
participate with more
and more Ideas to
Impact our Society**

Our Mission

To give each and every student, the power of Technology and Learning from which they can convert their ideas to Product with proper guidance from Skilled Mentors.

"Learning from Project-Based Approach Leads to Product-Based Output"
